KUMMERSDORF Construction Site: Miscellaneous Information

25X1

1. GENERAL

At present about 150 workmen of Bau Unions Dresden and Sld are employed on the KUMMERSDORF Construction site. (The project is referred to [redacted] as "Objekt Sudgelände"). The workmen are engaged upon concrete work, but there are no further details.

25X1

2. SUPPLIES

Each day from 3 to 5 trucks bring materials to Lager SPERENBERG, at least one truck per day bringing ballast and one truck per day cement. Other supplies already delivered include 30 metre rails, sleepers, fish-plates, bolts, 10 metre lengths of iron rods of diameters varying from 8 to 25 mm. and 20 to 25 metre lengths of iron rod of 50 mm. diameter. These materials are no longer stored at the Lager, but are taken directly to the construction site. The stock of railway-construction materials at the Lager has now been completely removed.

3. RAILWAY CONSTRUCTION

Appendix "A" shows the path of the railway under construction, beginning at the railhead in LAGER SPERENBERG (MR 867787 [redacted])
